

## Year 5 End of Year Expectations – Reading, Writing and Maths

### **Year 5 Reading**

#### **Word reading**

**Apply their growing knowledge of root words, prefixes and suffixes (morphology and etymology), as listed in Appendix 1 of the National Curriculum, both to read aloud and to understand the meaning of new words that they meet.**

#### **Comprehension**

**Maintain positive attitudes to reading and understanding of what they read by:**

- o continuing to read and discuss an increasingly wide range of fiction, poetry, plays, non-fiction and reference books or textbooks
- o reading books that are structured in different ways and reading for a range of purposes
- o **increasing their familiarity with a wide range of books, including myths, legends and traditional stories, modern fiction, fiction from our literary heritage, and books from other cultures and traditions**
- o recommending books that they have read to their peers, giving reasons for their choices
- o Identifying and discussing themes and conventions in and across a wide range of writing
- o making comparisons within and across books
- o learning a wider range of poetry by heart
- o preparing poems and plays to read aloud and to perform, showing understanding through intonation, tone and volume so that the meaning is clear to an audience

#### **Comprehension continued**

Understand what they read by:

- o **checking that the book makes sense to them, discussing their understanding and exploring the meaning of words in context**
- o asking questions to improve their understanding
- o drawing inferences such as inferring characters' feelings, thoughts and motives from their actions, and justifying inferences with evidence
- o predicting what might happen from details stated and implied
- o **summarising the main ideas drawn from more than one paragraph, identifying key details that support the main ideas**
- o identifying how language, structure and presentation contribute to meaning

Discuss how authors use language, including figurative language, considering the impact on the reader.

Distinguish between statements of fact and opinion.

**Retrieve, record and present information from non-fiction.**

**Participate in discussions about books that are read to them and those they can read for themselves, building on their own and others' ideas and challenging views courteously.**

Explain and discuss their understanding of what they have read, including through formal presentations and debates, maintaining a focus on the topic and using notes where necessary.

**Providing increased reasoning and justifications for their views.**

<b>Year 5 Writing</b>		
<p><b><u>Spelling</u></b></p> <p>Use further prefixes and suffixes and understand the guidance for adding them.</p> <p>Spell some words with 'silent' letters [for example, knight, psalm, solemn].</p> <p>Continue to distinguish between homophones and other words which are often confused.</p> <p>Use knowledge of morphology and etymology in spelling and understand that the spelling of some words needs to be learnt specifically, as listed in National Curriculum Appendix 1.</p> <p>Use dictionaries to check the spelling and meaning of words.</p> <p>Use the first three or four letters of a word to check spelling, meaning or both of these in a dictionary.</p> <p>Use a thesaurus.</p>	<p><b><u>Composition</u></b></p> <p><b>Plan their writing by:</b></p> <ul style="list-style-type: none"> <li>o <b>identifying the audience for and purpose of the writing, selecting the appropriate form and using other similar writing as models for their own</b></li> <li>o noting and developing initial ideas, drawing on reading and research where necessary</li> <li>o in writing narratives, considering how authors have developed characters and settings in what pupils have read, listened to or seen performed</li> </ul> <p>Draft and write by:</p> <ul style="list-style-type: none"> <li>o selecting appropriate grammar and vocabulary, understanding how such choices can change and enhance meaning</li> <li>o in narratives, <b>describing settings, characters and atmosphere and integrating dialogue</b> to convey character and advance the action</li> <li>o précising longer passages</li> <li>o <b>using a wide range of devices to build cohesion within and across paragraphs</b></li> <li>o <b>using further organisational and presentational devices to structure text and to guide the reader</b> [for example, headings, bullet points, underlining]</li> </ul> <p>Evaluate and edit by:</p> <ul style="list-style-type: none"> <li>o assessing the effectiveness of their own and others' writing</li> <li>o proposing changes to vocabulary, grammar and punctuation to enhance effects and clarify meaning</li> <li>o <b>ensuring the consistent and correct use of tense throughout a piece of writing</b></li> <li>o ensuring correct subject and verb agreement when using singular and plural, distinguishing</li> </ul>	<p><b><u>Vocabulary, grammar and punctuation</u></b></p> <p><b><u>Word</u></b></p> <p><b>Convert nouns or adjectives into verbs using suffixes</b> [e.g. <i>-ate, -ise, -ify</i>]</p> <p>Use verb prefixes [e.g. <i>dis-, de-, mis-, over-, re-</i>]</p> <p><b><u>Sentence</u></b></p> <p>Use relative clauses beginning with <i>who, which, where, when, whose, that</i> or an omitted relative pronoun.</p> <p>Indicate degrees of possibility using adverbs [e.g. <i>perhaps, surely</i>] or modal verbs [e.g. <i>might, should, will, must</i>].</p> <p><b><u>Text</u></b></p> <p>Use devices to build cohesion within a paragraph [e.g. <i>then, after, that, this, firstly</i>].</p> <p>Link ideas across paragraphs using adverbials of time [e.g. <i>later</i>], place [e.g. <i>nearby</i>] and number [e.g. <i>secondly</i>] or tense choice [e.g. <i>he had seen her before</i>].</p>
<p><b><u>Handwriting</u></b></p> <p>Write legibly, fluently and with increasing speed by:</p> <ul style="list-style-type: none"> <li>• choosing which shape of a letter to use when given choices and deciding whether or not to join specific letters</li> <li>• choosing the writing implement that is best suited for a task.</li> <li>•</li> </ul>		<p><b><u>Punctuation</u></b></p> <p>Use brackets, dashes and commas to indicate parenthesis.</p> <p><b>Use commas to clarify meaning and avoid ambiguity.</b></p> <p><b><u>Terminology for pupils</u></b></p> <p>Modal verb, relative pronoun, relative clause, parenthesis, bracket, dash, cohesion, ambiguity</p>

between the language of speech and writing  
and choosing the appropriate register

**Proof-read for spelling and punctuation errors.**

Perform their own compositions, using  
appropriate intonation, volume, and movement so  
that meaning is clear.

<b>Year 5 Maths</b>		
<p><b><u>Number and place value</u></b>  <b>Read, write, order and compare numbers to at least 1,000,000 and determine the value of each digit.</b></p> <p>Count forwards or backwards in steps of powers of 10 for any given number up to 1,000,000.</p> <p><b>Interpret negative numbers in context, count forwards and backwards with positive and negative whole numbers, including through zero.</b></p> <p>Round any number up to 1,000,000 to the nearest 10; 100; 1,000; 10,000 and 100,000.</p> <p>Solve number problems and practical problems that involve all of the above.</p> <p>Read Roman numerals to 1,000 (M) and recognise years written in Roman numerals.</p> <p><b><u>Number – addition and subtraction</u></b>  <b>Add and subtract whole numbers with more than 4 digits, including using formal written methods (columnar addition and subtraction).</b></p> <p><b>Add and subtract numbers mentally with increasingly large numbers.</b></p> <p>Use rounding to check answers to calculations and determine, in the context of a problem, levels of accuracy.</p> <p>Solve addition and subtraction multi-step problems in contexts, deciding which operations and methods to use and why.</p> <p><b><u>Number – multiplication and division</u></b>  <b>Identify multiples and factors, including finding all factor pairs of a number, and common factors of two numbers.</b></p> <p>Know and use the vocabulary of prime numbers, prime factors and composite (non-prime) numbers.</p> <p>Establish whether a number up to 100 is prime and recall prime numbers up to 19.</p>	<p><b><u>Number – multiplication and division continued</u></b>  Recognise and use square numbers and cube numbers, and the notation for squared (<sup>2</sup>) and cubed (<sup>3</sup>).</p> <p><b>Solve problems involving multiplication and division including using their knowledge of factors and multiples, squares and cubes.</b></p> <p>Solve problems involving addition, subtraction, multiplication and division and a combination of these, including understanding the meaning of the equals sign.</p> <p><b>Solve problems involving multiplication and division, including scaling by simple fractions and problems involving simple rates.</b></p> <p><b><u>Fractions, including decimals and percentages</u></b>  Compare and order fractions whose denominators are all multiples of the same number.</p> <p>Identify, name and write equivalent fractions of a given fraction, represented visually, including tenths and hundredths.</p> <p>Recognise mixed numbers and improper fractions and convert from one form to the other and write mathematical statements &gt; 1 as a mixed number.</p> <p>Add and subtract fractions with the same denominator and denominators that are multiples of the same number.</p> <p>Multiply proper fractions and mixed numbers by whole numbers, supported by materials and diagrams.</p> <p><b>Read and write decimal numbers as fractions</b> [for example, 0.71 = 71/100].</p> <p>Recognise and use thousandths and relate them to tenths, hundredths and decimal equivalents.</p> <p>Round decimals with two decimal places to the nearest whole number and to one decimal place.</p> <p><b>Read, write, order and compare numbers with up to three decimal places.</b></p>	<p><b><u>Measurement</u></b>  <b>Convert between different units of metric measure</b> (for example, kilometre and metre; centimetre and metre; centimetre and millimetre; gram and kilogram; litre and millilitre).</p> <p>Understand and use approximate equivalences between metric units and common imperial units such as inches, pounds and pints.</p> <p><b>Measure and calculate the perimeter of composite rectilinear shapes in centimetres and metres.</b></p> <p><b>Calculate and compare the area of rectangles (including squares), and including using standard units, square centimetres (cm<sup>2</sup>) and square metres (m<sup>2</sup>) and estimate the area of irregular shapes.</b></p> <p>Estimate volume [for example, using 1 cm<sup>3</sup> blocks to build cuboids (including cubes)] and capacity [for example, using water].</p> <p>Solve problems involving converting between units of time.</p> <p>Use all four operations to solve problems involving measure [for example, length, mass, volume, money] using decimal notation, including scaling.</p> <p><b><u>Geometry – properties of shapes</u></b>  Identify 3-D shapes, including cubes and other cuboids, from 2-D representations.</p> <p>Know angles are measured in degrees: estimate and compare acute, obtuse and reflex angles.</p> <p><b>Draw given angles, and measure them in degrees (°).</b></p> <p>Identify:</p> <ul style="list-style-type: none"> <li>o angles at a point and one whole turn (total 360°)</li> <li>o angles at a point on a straight line and ½ turn (total 180°)</li> <li>o other multiples of 90°</li> <li>o use the properties of rectangles to deduce related facts and find missing lengths and angles</li> </ul>

<p>Multiply numbers up to 4 digits by a one- or two-digit number using a formal written method, including long multiplication for two-digit numbers.</p> <p>Multiply and divide numbers mentally drawing upon known facts.</p> <p>Divide numbers up to 4 digits by a one-digit number using the formal written method of short division and interpret remainders appropriately for the context.</p> <p>Multiply and divide whole numbers and those involving decimals by 10, 100 and 1,000.</p>	<p>Solve problems involving number up to three decimal places.</p> <p>Recognise the per cent symbol (%) and understand that per cent relates to 'number of parts per hundred', and write percentages as a fraction with denominator 100, and as a decimal.</p> <p><b>Solve problems which require knowing percentage and decimal equivalents of <math>\frac{1}{2}</math>, <math>\frac{1}{4}</math>, <math>\frac{1}{5}</math>, <math>\frac{2}{5}</math>, <math>\frac{4}{5}</math> and those fractions with a denominator of a multiple of 10 or 25.</b></p>	<p>o <b>distinguish between regular and irregular polygons based on reasoning about equal sides and angles.</b></p> <p><b><u>Geometry – position and direction</u></b></p> <p>Identify, describe and represent the position of a shape following a reflection or translation, using the appropriate language, and know that the shape has not changed.</p> <p><b><u>Statistics</u></b></p> <p>Solve comparison, sum and difference problems using information presented in a line graph.</p> <p><b>Complete, read and interpret information in tables, including timetables.</b></p>
